

Steps to link MyNCBI and ORCID

STEP 1: Once logged into MyNCBI click on your name in the upper right:

A screenshot of the MyNCBI account settings menu. The menu is titled 'ACCOUNT' and shows the user is logged in as 'tyonek.ogemahgeshig@cuanschutz.edu'. The menu includes links for 'Dashboard', 'Publications', 'Account settings', and 'Log out'.

STEP 2: Click on Account Settings, from here you should see a list of linked accounts

ONE NOTE: you can only link 1 third party account at a time. I would suggest making ORCID this third party account.

TO DELEGATE:

Scroll further down and click on Add Delegate, then enter whomever you want to delegate's email address. An email will be autosent out. There is a 72 hour time limit to accept (in the form of a link) so be aware of that as one might need to do these steps again if not done so immediately.

Delegates

You can add delegates to help you manage your bibliography and/or SciENcv profiles.
